

Curaplex[®] AccuCuff[™]

AccuCuff[™] Cuff Pressure Indicator

Representing a significant advance in cuff pressure monitoring, the AccuCuff[™] cuff pressure indicator is one of our most innovative airway safety devices.

features:

- Continuous visual display eliminates the need for spot checks
- Negative pressure graduation ensures cuff is fully deflated, reducing the risk of trauma during removal
- Lightweight device reduces drag and potential tube displacement
- Suitable for use on a wide range of airway devices extending usage into many clinical areas
- Simple design for ease of use
- Pressure can be quickly and easily adjusted avoiding excessive cuff inflation
- Individually wrapped
- MRI compatible
- Single use
- Latex free
- 5 year shelf life allows long term storage and reduces waste
- Supplied in boxes of 50
